

Staff ID Cards

Employee identification cards range from standard photo IDs to multi-use cards for building access, network login, time/attendance and payroll systems.

Student ID / Member Cards

Beyond staff and student identification cards are used for meal subsidy, library access and lending, cashless purchases, and attendance. In universities they are also used for clubs and societies, sports facilities, and as a financial tool.

Name Badges

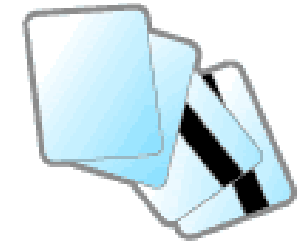

Many retailers use name badges, previously these were produced using time consuming methods and required doming to ensure durability. Name badges can be produced quickly and efficiently on pre-cut, durable tags that can be fastened to clothing by pin-clip or magnets.

Conference Badges

Exhibitions, conferences and hospitality events need to badge exhibitors, visitors, staff, press, and VIPs. Will give your event a more professional appearance.

Need a Name Badge or Staff ID Card ?
